

# Discounted DNA base pricing through the IDT-UBC CMMT web portal

Log in at [www.idtdna.com/cmmtss](http://www.idtdna.com/cmmtss) to receive exclusive benefits on our industry-leading products.

## FREE SHIPPING ON ALL ORDERS\*

- No taxes (GST or PST) and no brokerage fees
- Pay with your UBC speedchart
- Pick up your oligos at the CMMT Science Stores Facility

\* Excludes shipments containing plate products and 1 L buffers. Enquire for details.

## QUALITY YOU CAN COUNT ON

- ESI mass spec on every oligo
- Accurate molecular weight and single peak guaranteed
- QC documents available online

## DNA BASE PRICING

Synthesis scale	Price/base (tubes)	Price/base (96-/384-well plates)	Maximum length
25 nmol	C\$0.23	C\$0.15	60 bases
100 nmol	C\$0.43	C\$0.23	80 bases
250 nmol	C\$0.88	C\$0.45	100 bases
1 µmol	C\$1.75	C\$0.86	100 bases

## Other products available from IDT

- Alt-R™ CRISPR-Cas9 System for genome editing
- xGen® Lockdown® Probes and Panels for NGS target enrichment
- PrimeTime® Gene Expression Master Mix and Probes for qPCR
- gBlocks® Gene Fragments for a wide variety of molecular biology applications

To order through the portal, visit [www.idtdna.com/cmmtss](http://www.idtdna.com/cmmtss) to set up a new account. If you already have a direct IDT account, please be sure to use a different username and password when setting up your portal account.
